Dear Sir,

St. Thomas Academy is a Secondary School, imparting education to students to achieve the level of Secondary School Certificate of the Maharashtra Board of Secondary and Higher Secondary Education.

Established in 1969, the School is affiliated to the Board and registered as minority educational Institution. However it imparts education on secular basis. Over 70 per cent of students come from non-minority communities, of all classes, castes and religion, the mission is education for all.

The School has maintained an enviable record of academic results 100% passout at SSC Board for 9 consecutive years.

In October 2012 we appealed for your help in building our New School building. We started construction in November 2012, with a small corpus; trusting the Almighty and generosity of well-wishers.

The Almighty and these good-hearted people have not let us down.

In a span of 20 months, from November 2012 to October 2014, almost miraculously a new building wing has risen, seven stories tall.

On October 17, smiling faces of over 2400 students filled, classrooms, halls, corridors and the stairways of the new building wing of St. Thomas Academy.

The new wing has vastly superior facilities, well-ventilated, brightly lit classrooms and halls, broad corridors, two broad staircases, spacious, clean, well lit toilets, and of course land mark, Clock Tower.

Part of the dream has come true, bigger part has yet to.

We have spent Rs.9.50 crores for this Phase I. Every rupee has been well spent, recorded, accounted and audited.

Phase II work has started in November 2014, Phase II area will be almost 1.5 times that of Phase I, and we require Rs.10.00 crores to complete it, in 20 months

We are now approaching you, the Corporate Citizen of the Country, to lend a helping hand. Many have already come forward, we are grateful to them. Hope you will join in this worthy cause. Education is one of the activities that can be supported under Corporate Social Responsibility.

Every rupee received will be accounted for, project cost and expenditure is subject to strict audit scrutiny, to ensure your contribution is well utilised.

In case you need more information on the school, its activities and on the project, please feel free to contact the undersigned. We also invite you to visit the school website: sta.edu.in

Anticipating your generous helping hand,

We remain,

Yours sincerely,

Fr. Richard Crasto
