Dear Alumni of St. Thomas Academy,

In October 2012 we appealed for your help in construction of the New building of your Alma mater, St. Thomas Academy. We started construction in November 2012, with a small corpus, trusting the Almighty and generosity of well wishers, like you.

The Almighty and the good-hearted people have not let us down.

In a span of 20 months, from November 2012 to October 2014, almost miraculously a new building wing has risen, seven stories tall.

On October 17, over 2400 students, quite a few children of the Alumni, smiling, happy faces filled, classrooms, halls, corridors and the stairways of the new wing of St. Thomas Academy.

The new wing has vastly superior facilities, well-ventilated, brightly lit classrooms and halls, broad corridors, two broad staircases, spacious, clean, well lit toilets, and of course a landmark, Clock Tower.

Part of the dream has come true, bigger part has yet to.

We have spent Rs.9.50 crores for this Phase I. Every rupee has been well spent, recorded, accounted and audited.

Phase II work has started in November 2014, Phase II area will be almost 1.5 times that of Phase I, and we require Rs.10.00 crores to complete it, in 20 months.

Over the years while you grown and advanced to serve, to lead, at times in distant lands and in varied profiles, we have endeavoured to nurture the young, imbibe learning, and guide them to be good humans, responsible citizens, and leaders with vision, our chosen path.

We are happy in your success. Many from the Alumni have approached us to form Association, for reunions or just an informal get together. We are glad to inform your School has now has 2 spacious halls and on completion of Phase II there will be four. Please visit the school website: sta.edu.in for Alumni Association.

We need your help in reaching out to the Alumni. We also need your in help in completing Phase II in next 20 months. You can also help in connecting to foundation that helps education and also tapping help under Corporate Social Responsibility Schemes.

Don’t miss your chance to be part of your school history in the making.

Donate generously, God bless you.
Yours Sincerely

Fr. Richard Crasto                Sr. Romana Fernandes                Sr. Philomena D’Souza
Manager                               The Principal (Secondary)                     The Principal (Primary)
